

Project Design Phase-I
Proposed Solution Template

Date	21 October 2022
Team ID	PNT2022TMID22004
Project Name	Skill /Job Recommender Application
Maximum Marks	2 Marks

Proposed Solution Template:

Project team shall fill the following information in proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	The candidate should have more choice in getting a desired Job
2.	Idea / Solution description	Job Recommender which is powered by Hybrid Filtering Method
3.	Novelty / Uniqueness	Use of Hybrid filtering which is a combination of both collaborative and content based filtering.
4.	Social Impact / Customer Satisfaction	More relevant job recommendations which can increase employment
5.	Business Model (Revenue Model)	Companies can get more intake based on the ads displayed for what they pay.
6.	Scalability of the Solution	Kubernetes allows users to scale the total containers used based on application requirements while conventional servers cannot be scalable.
